

“Building a better mouse trap insured our success. Building the best mouse trap allowed us to create success for others.” – Pete and Dora Zdanis

If you are now, or have ever been, in direct sales or network marketing, chances are you've struggled in bringing new people into your business. An even bigger challenge is showing those new people how to become productive before they lose interest and quit. We've been there. It's a waste of everyone's time and money, and can often create ill will among family and (former) friends.

After much trial and error over many years, we have developed a powerful, yet simple, two step process which anyone can successfully implement, and use over and over again, as many times as they would like, for less than \$20 per month.

Please say hello to the “Best Mouse Trap”!

Step 1:

[Secret Strategies of the Wealthy](#) – This short video is the first step. It generically explains the simple concepts of network marketing very clearly, and demonstrates how an individual can create wealth by implementing the principles of residual income and leveraging their efforts through others.

Step 2:

[The USANA Health and Freedom Solution](#) – This video is specific to USANA, and goes into detail about the company, its products and the USANA compensation plan. It clearly shows why USANA is one of the best companies to choose for implementing the network marketing principles described in the first video.

Once prospects realize how easy it is to make professional presentations with these two videos, they are anxious to get involved as soon as they can and start duplicating the process for themselves.

You can put this same two step process to work for you in a matter of minutes and start building your business today! To learn more about the USANA enrollment process, startup cost options, etc., just click here: [USANA Enrollment Process](#)

Please contact us as soon as you are ready to get started so that we can provide you with complete instructions and insure that you receive the best possible placement in our fast growing USANA organization. [We want to be sure that we can place as many people as possible in YOUR USANA downline.](#)

We look forward to working with you in USANA soon, and for many years to come.

Pete and Dora
